

User Stories for Job Listing App

1. User Registration & Authentication

- **As a** job seeker, I want to register using my email and password so that I can apply for jobs.
- **As an** employer, I want to register my company so that I can post job openings.
- **As a** user, I want to log in securely so that I can access my account.
- **As a** user, I want to reset my password in case I forget it.

2. User Profile Management

- **As a** job seeker, I want to create and update my profile with my resume, skills, and experience so that employers can review my qualifications.
- **As an** employer, I want to create and update my company profile so that job seekers can learn about my company.
- **As a** job seeker, I want to upload my profile picture so that my profile looks professional.

3. Job Posting & Management

- **As an** employer, I want to create a new job posting with details like title, description, salary range, and job type so that job seekers can apply.
- **As an** employer, I want to edit or delete my job postings so that I can keep my listings up to date.
- **As an** employer, I want to set a job listing as "open" or "closed" so that applicants know whether they can still apply.

4. Job Search & Filtering

- **As a** job seeker, I want to search for jobs based on keywords, location, and category so that I can find relevant opportunities.
- **As a** job seeker, I want to filter jobs by job type (full-time, part-time, remote) so that I can find jobs that fit my needs.
- **As a** job seeker, I want to save job listings so that I can apply later.

5. Job Applications

- **As a** job seeker, I want to apply for a job by submitting my resume and a cover letter so that the employer can review my application.
- **As an** employer, I want to receive notifications when a job seeker applies to my job listing.
- **As an** employer, I want to review, accept, or reject job applications so that I can hire the best candidate.

6. Messaging System

- **As a** job seeker, I want to send messages to employers so that I can communicate about job opportunities.
- **As an** employer, I want to send messages to job seekers so that I can ask additional questions.
- **As a** user, I want to receive notifications when I get a new message so that I don't miss important updates.

7. Reviews & Ratings

- **As a** job seeker, I want to leave a review for an employer after an interview so that others can learn about their hiring process.
- **As an** employer, I want to leave a review for a freelancer after completing a job so that others can see their performance.

8. Payments (if applicable)

- **As an** employer, I want to pay a fee to post premium job listings so that my job gets more visibility.
- **As an** admin, I want to track payments and transactions so that I can manage platform revenue.

9. Admin Management

- **As an** admin, I want to manage users, jobs, and reports so that I can maintain the platform's quality.
- **As an** admin, I want to remove inappropriate job listings or user accounts so that the platform remains professional.
